EXECUTIVE SUMMARY

Please include an Executive Summary of up to 3 pages maximum that includes the following 8 sections.

- 1. Opportunity: What is your value proposition? Who is your target customer or beneficiary? What problem are you solving?
- 2. Viability and impact: What is the market or positive impact opportunity? What is the demand? What impact will you have on this market, or how do you propose you will meet the demand with your idea?
- 3. Growth potential: How is your idea sustainable and scalable?
- 4. Innovation: How will you add value, either competing with or complementing existing capacity or action? What is your differentiation? How is your proposed solution "new" to your target customer/beneficiary?
- 5. Achievements to date: What have you accomplished so far?
- 6. Long term development: What will you use the award monies to achieve?
- 7. Team: Who is the team? What kind of skills and aptitude do they bring to this project/idea/ startup?
- 8. Other: Which of the <u>United Nations' 17 Sustainable Development Goals (SDGs)</u> does your startup contribute towards? What other information would you like us to know?
